Teach For India  
2015 Fellow  
June 2015 - May 2017 (2 years)  
Chennai Area, India

Teaching:

- Currently leading 34 students in Grade 4, CPS Tharmani on a vision-driven journey to achieve individual and class goals across academics, values and exposure through backward planning, shared vision and integration.

- Explored curriculum in values and targeted experiences for the 34 students resulting increased self-awareness and purpose on receiving education.
- Inspired students to identify problems around them and empowered them to independently plan and projects impacting their class rooms and school environment.

School Team Leader: (Term 3 Jan 16- April 16)

Facilitated monthly meeting of 7 fellows with the HM on

- a) On looking back at past two terms goals and targets achieved despite setbacks from 2016 December floods.
- b) Creation of end of the year SWOT analysis on the annual growth across all classes.
- c) Guidance for 2016 fellows to transition into classrooms & school administrative process. Supported the government teachers with resources for assessments during absence of fellows.

Be the Change Project and Design for Change:

- 1) The BTCP project involved in improving the English fluency of other classes in school by effective utilization of the library resources and supporting student leadership to impart knowledge among their peers. A student lead class room lending library has been set up.
- 2) Collaborating with a government school teacher and the head mistress to use ITC knowledge through the online portal 'Firki'.
- 3) 2015 DFC project on recycling had been started in where the students segregate the paper separately and at the end of each term they utilize the paper money for getting class room resources.
- 4) 2016 DFC project on 'unlearning & teaching' encouraged students to have discussions on their daily class lessons with parents in order to share knowledge.
- 5) Raised Rs.52000/- as fund for class room infrastructure and resources.
